- Make Sure We Are Part Of The Most Recent Environmental Management Movement

What Is Our Goal And Why?

- Obtain Full Certification For Adhering To ISO 14001
- This Will Help Us Be Proactive Rather Than Reactive
- All Facets Of The Company Will See Dramatic Improvements In Their Sector
- Adhere To All Rules And Regulations
- **Help Our Company With Sustainable Growth!**

EPA Inspection And Analysis

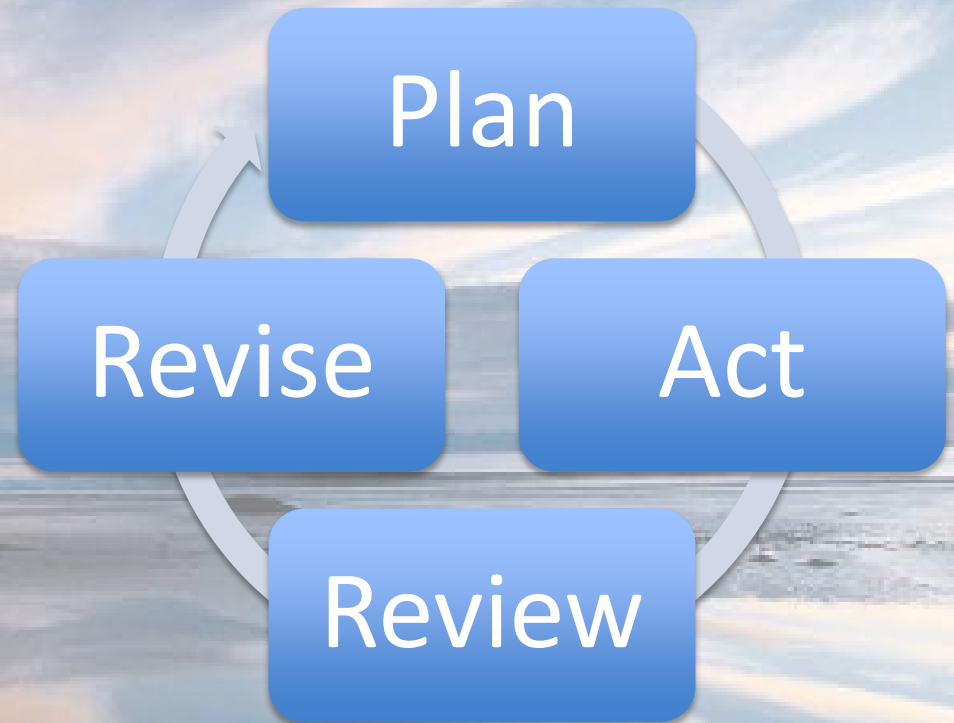

- Occurred Friday, July 19th 2013
- Four Minor Violations
- One Major Violation
- \$40,000 Fine
- Analysis

Notable Rules And Regulations

Environmental Management System

- “How Rather Than What”
- Innovative vs. Traditional
- Plan, Act, Review, Revise
- Commitment

ISO

- Provides Tools For Economic, Environmental and Societal
- Positive Contribution
- Develops Only Standards Required By Market

The ISO 14000 “Family”

- Different “Individuals” Of The ISO Family
- ISO 14001
- Why?
- Other ISO 14000’s?
- Leg Up On The Competition

What's Next / Closing Remarks

- Clean Up All Existing Violations
- Make Sure We Are In Accordance With All Rules And Regulations
- ISO 14001 Certification, Possibly Other ISO 14000?
- Environmental Management System
- **We Want To Be The Best**
